

FOR IMMEDIATE RELEASE

**EXEL TRANSPORTATION SERVICES WINS 2007 EXCELLENCE
AWARD FROM DATACAP INC.**

WESTERVILLE, Ohio (Feb. 19, 2008) – Exel Transportation Services (ETS), an operating unit of Exel, the North American leader in supply chain management and a Deutsche Post World Net company, was recently honored with a 2007 Capture Excellence Award by Datacap Inc. Datacap is a leading provider of flexible capture and forms processing software solutions.

ETS received the award in the “Excellence in Invoices” category. After implementing Taskmaster for Invoices software in 2007, ETS realized substantial cost and time savings. The software optically reads invoices and automatically pulls relevant data including vendors, invoice amounts and purchase order numbers. Previously, manual data entry was the only way to capture this necessary information.

“We strive to seek out and implement best-in-class solutions for our business that optimize time and minimize costs,” said Jim Damman, president of ETS. “In this case, Taskmaster and Datacap helped our invoicing process evolve from tedious data entry to optical scanning. The system helped us reduce labor costs and processing time by 50 percent.”

ETS provides third-party transportation brokerage and intermodal services via its network of more than 70 independent offices.

Raising expectations

About Datacap

Since 1988, Datacap Inc. has provided award-winning document capture and forms processing software solutions to organizations worldwide. Datacap Taskmaster software accurately transforms paper into information, increasing efficiency while reducing costs and document cycle time. A client/server, rules-based capture workflow platform, Taskmaster provides the industry's most adaptable solutions for both document image indexing and forms processing. Taskmaster also enables scanning and indexing from a browser and integrates with all leading document management solutions, databases and ERP systems. Awarded AIIM "Best of Show" for Forms Processing, Rulerunner Service provides the only complete capture solution for SOA. For additional information, visit www.datacap.com.

About Exel

Exel is the North American leader in contract logistics, providing customer-focused solutions to a wide range of industries including retail, consumer, technology, automotive, life sciences, chemical and industrial. Exel's innovative supply chain solutions, skilled people and regional coverage, bring together all aspects of contract logistics in addition to a wide range of integrated, value-added and specialist services. Exel is a wholly owned entity of Deutsche Post World Net, the world's leading logistics group. For more information, visit www.exel.com.
